WRAPPER STYLE

Very now leopard- and python-print papers give this wrapping job a worthy fashion touch. Lush plum and antiqued gold ribbons add the perfect finishing detail. Wrap, Ikea. Ribbon, Mokuba. Chair, Hardware. Vase, AT Design. Throw, Constantine. Table, Au Lit Fine Linens. Shoes, Laurence Dacade, Zola Shoes.

LET IT SNOW

Say farewell to predictable red and green. We love the snowy ostrich feathers dressing the tree; think of them as a grown-up take on tinsel. Pre-lit tree, Canadian Tire. Feathers, Botanico. Chandelier, Hardware. Credenza, Zig Zag. Table, tray and candleholder, AT Design. Birds, Au Lit Fine Linens. Decorations, HomeSense. Tabletop tree decoration and vases, Ikea. Carpet, Bev Hisey. Paint and paneling, The Home Depot.
